

WSSBC Feature Requests

Category	Feature Request	Additional	Priority (Critical, High, Medium, Low)
Ad Hoc	Date sensitive, allowing us to choose a date to generate the list.		
Ad Hoc	Attendance roster by ad hoc filter		
Ad Hoc	Option to choose State Early Childhood fields for Ad Hoc Reporting	Currently no way to print state early childhood fields.	
Ad Hoc	Option to choose State Ethnicity codes for Ad Hoc Reporting	Currently no way to print state ethnicity codes	
Ad Hoc	Positive attendance		
Ad Hoc Report	Ability to export/import Ad-Hoc Filters to other databases		
Assessments	Copy assessment imports from one year to another or one database to another.		
Attendance/Instruction	Ability for teachers to choose attendance codes on attendance screens, and consider it resolved rather than unknown. Ability to set this option by building.		
Instruction	Ability for teachers to view attendance screen for a chosen date, rather than current option of only today.		
Attendance Letters	Ability to manipulate attendance letters - i.e. put on school letterhead, move down on page		
Attendance Letters	On the letter have the date the letter was generated from as opposed to the current option of a today date. Or have an option in the letter to say the date the attendance letter was generated.		
Attendance Letters	Show days missed - period detail in Attendance Letters, not just a total of days missed, and type of code.		
Grading Reports	Ability to sort by GPA in Term GPA report.		
Grading Reports	Honor Roll lists with all A/A-B type range by grading task/term.		
Grading Reports	Option to print Grades Report from the teacher gradebook in-progress grade as well as the current option of posted grades.		
Grading Reports	Report Card option that gives us the ability to print the credits earned for each course.		
Grading Reports	Report Card option that gives us the ability to print the Semester GPA.		
Instruction	Ability to Export/Import student assignments to another class.		
Instruction	Ability to print teacher gradebook		
Instruction	Ability to push out mandated districts assignments, assessments, etc. (i.e. DIBELS) to district and/or building.		
Instruction	<i>Ability to see student attendance for a date assignment is due/assigned in gradebook.</i>		
Instruction	Ability to see student attendance for a date assignment is due/assigned.		

WSSBC Feature Requests

Category	Feature Request	Additonal	Priority (Critical, High, Medium, Low)
Instruction	Attendance - summary and reports, comment in seating charts		
Instruction	Attendance Register for teachers gives them the option to print date range.		
Instruction	Attendance Register for teachers prints the attendance code.		
Instruction	Grading Abv only 5 characters long, extend to 10 or- ability to see assignment name rather than abv in the gradebook.		
Instruction	In the gradebook, allow teachers to choose to view students in alphabetic order or by student start date into the course.		
Instruction	Option to write comments in the gradebook so that it prints on the student summary report.		
Instruction	Running total for tardies/absences after student name in gradebook , per term or course option.		
Instruction	Teacher options for E-mailing parents, generating reports automatically to parents, calling up certain reports		
Instruction	Teachers have the ability to print their own report cards.

State Reporting	Mass updating/changing for State Fields		

WSSBC Feature Requests

Category	Feature Request	Additional	Priority (Critical, High, Medium, Low)
Student General Information Tabs	Ability to see percentages of grades, not just the letter grades when looking at grades on the student's Report Card tab.		
Student Reports	Ability to print a canned report of student list with primary household address and phone number. Ability to choose sorting options of alpha by grade, alpha by building, and ability to choose option of excluding students with private addresses. Additionally it will print a student if the student does not belong to a household and will show with no address and/or phone.	Current only Ad Hoc reports and dependant on address not student so can be inaccurate student count if no address or student has more than one address.	
Student Search View	Search option shows homeroom teacher as well as DOB		
System Admistration	Ability to interface with other software (i.e. SWIS, DIBELS)		
<b>System Admistration</b>	<b>Interface with EasyIEP / ET</b>		
transcript report	Have a report that lists the students cummulative GPA with the transcript data of: year, course, credit group, credit attempted, credit earned, score, whether this course is included in the transcript GPA, the GPA weight, score (grade) points for that course and then give a final total of credits attempted, credits earned, GPA weight, score (grade) points and the cummulative GPA		
transcripts	Ability to change transcripts by batch.		
Web Scheduling Requests	An ability to choose which requests students can choose from so that freshman can only see freshman courses and so on for each grade.		
	Import Wizard (be more specific - import what?)		
	Mass updating/changing for ?
