

Feature Request	Feature Request	Feedback	Followup	Option 1	Option 2
Y/N	Days missed - period detail	Summary only, Campus not likely to do.....Will need to be a custom report	Will need to be custom report likely	Custom Report!	
Y	Ability to manipulate attendance letters - i.e. put on school letterhead, move down on page	Header unmoveable, can create blank space below header....Recommend move letter head to bottom		Make watermark paper with bottom footer	Full blown report writing
Y	Ability to push out mandated districts assignments, assessments, etc. (i.e. DIBELS) to district and/or building.	Can do but not "locked" If read-only in lesson planner maybe....otherwise not really an option at this time....	Sounds like in-line with campus direction in general, may be plausible.		
Y	Import Wizard	Don't hold your breath....don't hold your breath DBA job function			
Y	Ability to export/import Ad-Hoc Filters to other databases	No real chatter on that....Alec has looked at the storage of these and it might be tricky for campus.....Filters could be a problem.....			
Y	Mass updating/changing	SQL only at this point			
N	Ability to print teacher gradebook	Gradebook Export (sends to Excel) or Orint Section Summary Report			
Y/N	Post grade on administrator side. Ability to have grades posted automatically or not have to post to run progress/eligibility reports.	HR issue.....		Ativity Eligibility Report	Add all-school class, common course "Progress Grades"
Y/N	<i>Ability to see attendance for a date assignment is due/assigned.</i>	Daily Planner			
Y/N	Export/Import student assignments to another class.	No.....assignments differ	Does this mean copy assignments to other section of same class or move kids?	None	

Feature Request	Feature Request	Feedback	Followup	Option 1	Option 2
Y/N	10/30 - Date returned and FTE (Shows GE only).	Ongoing discussion and development with Mattewan Business Mgr and campus developer.....have to hand write return date	Campus is aware.... but submit ticket(s)Kerri/Sally might provide insight...		
Y	Ability to sort by GPA in Term GPA report.	Alpha Sorting		amy did adhoc that was helpful	
N	Ability to copy calendars from one building to another	Can copy days tab from one school to another...will see in scheduling prep....not calendar	In Scheduler training		
Y	Ability to export canned reports in more than pdf	Not an option at this time, not anticipated			
Y	Choice to include on Progress Reports unexcused absences only	Canned report just shows unsorted absenses			
Y/N	Ability to transfer assignments and grades for one class to another.		Does this mean copy assignements to other section of same class or move kids?		
Y	Remove Summary Report icon from Attendance/Daily Attendance/Individual Student	Sumbit ticket			
N	Tech Prep attendance/ability to generate reports, etc. by district.	Much discussion....other schools have done is create a program flag for each district and create adhoc filter for each kid.	Create Program Flag for each district.....then create adhoc filter for each.	Program Flag	Or filter on 'district course' or Resident District
Y	Attendance roster by ad hoc filter	Same as row one			
Y/N	Ability to interface with other software (i.e. SWIS, DIBELS)	Primarily Import to Campus behavior....Dibbles no.... Kerri working on	Could build reports (including, graphics - Cube Builder)	Migrate to Campus for Behavior	Build connectors
Y	Bus software integration	Map-point from MS for schools not using? Sally working on?	Edulog????		
N	Programs tab for office	Permissions issue for whomever requested			

Feature Request	Feature Request	Feedback	Followup	Option 1	Option 2
N	Interface with EasyIEP / ET	In process - need teacher access to data - Tom working on.	Moving data other direction? Teachers need to see IEP data in Campus	SRSD File import from EIEP and ET for Feb count	Moving forward will take time....alec did not even commit to doable in a year.
N	Develop Behavior tab	Create Link to Swis			
????	Assessment tab fine tuned	???	???	???	???
Y	Attendance - summary and reports, comment in seating charts	???			
Y	Reports are sometimes tough to find - probably need some more training for specific functions	Need more Reports - Adhoc not as open/flexible as we though/would like.	May be training and use issue....time may largely overcome.		
N	E-mailing parents, generating reports automatically to parents, calling up certain reports	Training and rights for teachers to access Adhoc?	Create reports and share with Teachers?		
N	Report Cards for K-3	Tom Project ongoing			
N	Gradebook - Behavior reports	Can give teachers access			
N	Navigation consistency - each screen has "hidden" goodies	Training and Experience	Programatic / Screen referesh kinds of things	Do not cache web pages!!!	
Y	Import/export reports	No, Alec says Campus is to complex for this to be an option.			
N	Data Warehouse	Product is new. Few details at this time. Optimal is just beginning to install their preview/test system	Need to collect data and schedule demo. Also need to sort out issues with adopting Campus Warehouse and/or evaluating along with others.	Implement Campus Warehouse to replace Mi Tracker within one year	Determine needs and evaluate Campus Warehouse and others to determine best solution moving forward. Campus offers tight data integration and one-stop-shopping, which should be given heavy consideration.
N	Meal Magic	OS can dhelp support	Need to work with OS on building connectors, will need to build connectors for each district's application		
Y	Limit access to student permissions by roster for all reports and access	Not functional now, would be feature request.
