

WEST SHORE COMMUNITY COLLEGE

CLASS - SELE 230

3 credit course

WHO: K-12th MLISD/OISD teachers interested in learning about using technology in the classroom

WHAT: For many teachers they have never experienced online learning themselves so it is difficult to see how online instructional techniques can be integrated into traditional course. This course intends to give teachers a chance to experience an online learning environment while creating online materials and activities for their classroom.

WHEN: Monday, 6:00 p.m.-9:00 p.m. (every other Monday will meet on-line) 9-7-09/12-21-09

INSTRUCTOR: Tom Johnson, MLISD/OISD Technology Coordinator

LOCATION: Oceana Intermediate School District, 844 Griswold St., Hart, MI

This course can provide 3 of the 6 credits needed to renew the professional teaching certificate (not for provisional). This class is open to the first twenty teachers who enroll. Registration to WSCC and course fees (approximately \$50) will be collected at class on the first night. If more than twenty students enroll, we will begin a waiting list to determine if this class could also be offered Spring semester.
